

Start the Bulk Renaming Utility

Make sure the box is checked next to the R in "Remove (5)"

Copy the time stamp text, including the parenthesis, from any File History backup file

Paste the above text into the "Words" box

Click the dropdown in "Crop" and change it to AFTER

Click "Trim" to remove any remove any spaces

Uncheck "Add (7)" and "Auto Date (8)"

Option: Check Subfolders in "Filers 12" - Be very careful when selecting this option

Navigate to and select the files to be renamed

Click the Rename button (Ctrl-R)
